Alternatively, if it's a sit-down dinner you're after, we can accommodate up to 60 guests on our beautiful tables handmade from reclaimed wood.

The room also comes with high-spec AV equipment, high-speed Wi-Fi and a dedicated duty manager, making it the perfect venue for conferences, off-sites and away-days.

With a flexible lighting rig and a neutral interior, the room is equally ideal for press days, art exhibitions, photo-shoots and private parties.

Hiring our Upstairs space also gives you access to our leafy, south-facing garden so it's perfect for summer events too.

***Ideal for networking breakfasts, private dinners and events for up to 80 guests.***

Floor to ceiling windows, polished concrete flooring and striking communal tables made from mild steel and reclaimed wood.

Our internationally acclaimed restaurant has pioneered the guest chef trend in London, attracting stellar talent from as far away as Sydney, Mexico City and Reykjavik as part of our on-going series of fortnightly residencies.

Open to the public for lunch and dinner every Tuesday to Saturday, the restaurant is, however, available for private hire with a bit of advanced notice. With an open kitchen, guests can watch the chefs in action so it's the perfect space for a breakfast event or a private dinner. It also has access to our leafy south-facing garden, making it an ideal venue for summer parties and drinks receptions.

***Carousel isn't just a dry hire space - we also specialise in restaurant-quality food, cocktail consultancy and creative events production.***

Dry hires are just the tip of the iceberg - Carousel's food and drink offering is where we really come into our own.

Head chef Ollie Templeton (ex-Moro) loves to get creative, splitting his time between curating our internationally acclaimed line-up of guest chef residencies and designing mouth-watering menus of his own that are bursting with big flavours and locally sourced, seasonal ingredients. The result? Imaginative, restaurant-quality food, created with your event in mind.

But exceptional catering is just one of any number of add-ons you can choose from.

Events production, cocktail consultancy, AV and lighting design, live music and DJs... We've got it covered, in-house, which helps keep the costs down.

Just let us know your requirements and we'll put together a quote for you.
